

# MIDDLESEX AERO MODELERS

June 29, 2009

William Warner  
Director  
Department of Planning, Conservation & Development

City of Middletown  
Planning, Conservation & Development  
245 deKoven Drive  
P. O. Box 1300  
Middletown, CT 06457-1300

Dear Mr. Warner,

This request of our proposal to use the City of Middletown's land described as parcel III in the same manner as we have since 1996 when we ( Middlesex Aero Modelers ) acquired permission from the former owner CVH ( State of Connecticut ) to use the afore mentioned parcel as a model radio controlled airfield. We share the use of this parcel with a local farmer who cuts the hay on the land not used by the club. It is our intent to be good stewards of the land that the City most graciously allows us to use. It is our wish that the City continues to allow us to use the City's land as our hobby requires a great deal of open space which is becoming scarce. At this time we would also like to request a waiver to the \$10,000 refundable-deposit as required.

Sincerely  
Peter Arseneault

President  
Middlesex Aero Modelers
