

**Ravenswood 38 lot subdivision-Country Hill
Special Meeting October 2, 2001 7pm Room B-20**

The hearing needs to be closed before the next regularly scheduled meeting or there is a possibility of an automatic approval. The Commission has 70 days to close the hearing. The hearing opened on July 25th. Based on my calculations you have until October 3rd, 2001 to close the hearing.

The special meeting tonight has been properly noticed in the Town Clerks Office. The applicant's attorney has been notified of the meeting.

The Commission cannot conduct the hearing or take any evidence because it has not been advertised to the public.

Let me emphasize there should be no discussion on this item just a motion and vote to close the hearing. Once the hearing is closed the Commission has 65 days to make a decision.
