Universe: Population under 18 years in households (excluding householders, spouses, and unmarried partners)
2010 Census Summary File 1

NOTE: For information on confidentiality protection, nonsampling error, and definitions, see <http://www.census.gov/prod/cen2010/doc/sf1.pdf>.

	Middletown city, Connecticut
Total:	8,989
In family households:	8,940
In husband-wife family	5,415
In other family:	3,525
In male householder, no wife present family	636
In female householder, no husband present family	2,889
In nonfamily households	49

NOTE: A household that has at least one member of the household related to the householder by birth, marriage, or adoption is a "Family household." All persons living in family households are included in this total regardless of their relationship to the householder. Same-sex couple households are included in the family households category if there is at least one additional person related to the householder by birth or adoption. Same-sex couple households with no relatives of the householder present are tabulated in nonfamily households. Responses of "same-sex spouse" were edited during processing to "unmarried partner." "Nonfamily households" consist of people living alone and households which do not have any members related to the householder.
