Universe: Total races tallied
2010 Census Summary File 1

NOTE: For information on confidentiality protection, nonsampling error, and definitions, see <http://www.census.gov/prod/cen2010/doc/sf1.pdf>.

	Middletown city, Connecticut
Total races tallied:	49,569
White alone or in combination with one or more other races	37,571
Black or African American alone or in combination with one or more other races	7,194
American Indian and Alaska Native alone or in combination with one or more other races	455
Asian alone or in combination with one or more other races	2,735
Native Hawaiian and Other Pacific Islander alone or in combination with one or more other races	79
Some Other Race alone or in combination with one or more other races	1,535

NOTE: The alone or in combination categories are tallies of *responses* rather than *respondents*. That is, the alone or in combination categories are not mutually exclusive. Individuals who reported two races were counted in two separate and distinct alone or in combination race categories, while those who reported three races were counted in three categories, and so on. For example, a respondent who indicated "White **and** Black or African American" was counted in the White alone or in combination category as well as in the Black or African American alone or in combination category. Consequently, the sum of all alone or in combination categories equals the number of races reported (i.e., responses), which exceeds the total population.
