NOTE 1: The numbers by detailed Pacific Islander groups do not add to the total population. This is because the detailed Pacific Islander groups are tallies of the number of Pacific Islander *responses* rather than the number of Pacific Islander *respondents*. Responses that include multiple Pacific Islander groups are counted several times. For

example, a respondent reporting "Samoan and Tongan" would be included in the Samoan as well as the Tongan numbers. "Not specified" includes respondents who checked the Other Pacific Islander response category on the census questionnaire and did not write in a specific group or wrote in a generic term such as "Pacific Islander."
