

Maromas Land Use Workshop April 24, 2007

Participants

Carl Bolz
Barbara Plum
Earle Roberts
Shelia Stoane
Dave O'Brien
Ellen Lukens
Katchen Coley
Gerald Daley

Notes

Protect the existing fields and preserve the watershed.

A centrally located complex so that parking is minimized in the area.

Encourage the development of a playground.

Encourage the development of a skating pond. Or possibly outdoor basketball court that can be flooded in the winter.

No dog park in the watershed.

Encourage leasing to farmers. Continue the tradition on farming on these properties.

Try and develop a rails to trails type of facility, similar to what exists in Hamden and Cheshire.
